# BOYDEN FARM BEEF

## *A Fifth-Generation Legacy*

The Boyden family has been raising cattle in Vermont for five generations - a heritage of land stewardship, animal husbandry, and uncompromising standards that can't be replicated overnight.

Owner Mark Boyden leads a cooperative of like-minded local farms, each committed to the same humane practices, pasture-based raising, and clean production standards that define the Boyden Beef name. They start the cattle on grass and finish them on select grains to create GrassPlus Beef. The result is delicious beef that has health benefits similar to 100% Grass-fed beef with the marbling and flavor profile people turn to Grain-fed beef for. This isn't commodity beef. It's the product of community, care, and craft.

# La Panciata

*Traditional Italian Bakers*

**Biscotti** The baking of biscotti goes back to the 14th century, so there was no question La Panciata wouldn't honor the care, passion, and love that goes into creating biscotti in the traditional fashion, aka, "the right way." The result is a piece of Tuscan heaven that stays crispy, even when you dunk it.

**Cookies** We make our cookies with simple ingredients of the highest quality. Not only do high-quality ingredients taste great, they create hearty cookies, too: ours weigh in at about two ounces each. Now that's a serious cookie, just the way our family likes them.
